### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dexter Chang on 03/16/06.

The application has been amended as follows:

#### **TITLE OF INVENTION:**

Replace the title of the invention with -- DATA RECORDING OR ERASING METHOD FOR AN OPTICAL RECORDING MEDIUM --.

#### **IN THE CLAIMS:**

Cancel claim 21.

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: claims 1-20 and 22 are allowed over the prior art of record because all references in the prior art of record, considered as closest prior art and viewed in combination or individually, fails to suggest or fairly teach a data recording or erasing method for a rewritable phase change type recording medium including a combination of all limitations as particularly recited in each of claims 1 and 19. Claims 2-18, 20 and 22 are allowed with their respective parent claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### **CITED REFERENCES**

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The cited references relate to a recording medium having groove and pre-pit formed thereon and/or a recording/reproducing apparatus/method for recording data on/from a recording medium having different data areas formed thereon.

### **DRAWINGS**

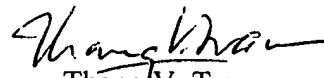

Drawings filed on 12/15/04 have been approved by the examiner.

Art Unit: 2653
